Nature's Hair Restorer

One Great Reason Why

This Great Hair Beautifier and Color Restorer Produces Such Remarkable Results

Sulphur is a Natural Element of the Hair

When there is not a sufficient amount of sulphur in the hair, it loses its life, color and strength, turns gray, and falls out. There are many forms of sulphur, but only one kind that is suitable for treatment of the hair and scalp, and that is the kind used in preparing WYETH'S SAGE AND SULPHUR HAIR REMEDY.

We Have the Secret, and We Give You the Benefit of It at an Exceedingly Low Price

BALDNESS CURED

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair, and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.
